Dear Peter:

Having known that you are interested in our school art festival, I am writing to offer you some detailed information.

This art festival falls in every May at our campus, aimed to enrich our school life and arouse our awareness of carrying forward the precious traditional culture. Sponsored by our Students' Union, the festival covers a wide variety of activities, among which I pay special attention to the Chinese poetry competition, since I hold the belief that one filled with knowledge always behaves with elegance. Poems lovers read, recite seas of poems that they love and exchange their perspective on poetry.

Why not come and enjoy the strong atmosphere of our festival at the very beginning of May? Your involvement will be warmly welcomed.

Yours ,
Li Hua
